Ohio State University "Deli Style" Roast-Beef
Sandwich

Submitted by Chad Rutan

This attempt at a sandwich was given to me secondhand by a visiting speaker who had specially requested it and then decided for some reason not to eat it. The Ohio State University "deli style" roast-beef sandwich comes with not only the tattered remains of what used to be romaine lettuce but also a slice of tomato that borders on being a variety of red Jell-O. At the right angle, the "deli style" roast beef gives off a disturbing iridescence. All this mashed between slices of a decent wheat bread. I cannot complain about the bread.
